WHAT OTHERS HAVE SAID

IS BAPTISM ESSENTIAL TO SALVATION? The Bible is very clear with an answer to that question and Collins has researched it well. This book should be especially useful in personal evangelism. I am also finding it helpful in my pulpit preaching as well as material being presented in the television programs, IN SEARCH OF THE LORD'S WAY. I am sure God can use it to lead the lost to salvation.

— Mack Lyon

Those who love the Word will gain much from reading this book. You have entered more specifics than any other writer that I have read from.

— Jo Daniel

The author's impeccable logic, Scriptural insight, and persuasive writing style is sure to reach lost soul's with the truth about baptism. With such mass confusion over the subject of baptism, this book is sure to point the reader toward God's original design for baptism.
